

## **Bev Anderson**

### **Front-end Developer, Client Services, EsKort and HTML Training**

Bev has over 20 years of experience working in investment banking, corporate law and publishing – all pressure-cooker industries to say the least. Her background includes website development, graphic design, branding/identity, project and personnel management, live event production, technical writing, copy writing/editing and application training. Having "seen it all", Bev is calm, cool and collected in a crunch.

She is in the unique position of having used Animus Rex's Application Server Platform, EsKort for website development and production as Proskauer Rose's Web Administrator. Not only was she responsible all aspects of their myriad of internal and external web properties, she oversaw 50+ content contributors across 7 offices and 30+ practices. This experience helps her relate to our clients in a way that no one else can.
